

Join the team.
Make a difference.

You are looking for an employer who takes you to the next level. You want to work on a team which values your ideas. You want to participate in developing and creating the future of BBHT Solutions. Then join us as

Senior Software Developer

Your responsibilities

- consulting our clients' IT projects concerning quality assurance
- developing and taking over test processes with the challenge of distributed teams
- understanding of test cases, test specification and test execution
- communication with business units & development teams as well as documentation of test progress and results
- cooperative partnership & open communication with our clients abroad

Your qualifications

- academic studies ideally in business information, computer science, economics, mathematics or comparable
- first theoretical knowledge in testing, willingness to learn and develop testing skills
- experience within IT projects in the banking or insurance industry is desirable but not mandatory
- experience in developing Java-Enterprise applications e.g. with Spring, Spring Boot
- knowledge in databases like MS SQL, Oracle DB or PostgreSQL
- interest in DevOps and Cloud technologies like Docker, Kubernetes or Terraform
- experience or interest in continuous integration and delivery, TDD, Clean Code & test automation
- fluent knowledge of English is mandatory
- a communicative and dedicated personality with high quality awareness

We offer you

- a full-time or part-time position and the chance to collectively develop the company itself
- independent work, challenging & innovative projects with renowned clients
- qualified and continuing education, joint trainings and company events
- good work-life balance by flexible working hours and 25 days of vacation
- remote or hybrid work and high quality, personal IT infrastructure

We activate on the German market, and together with our clients, we develop software solutions and ensure the quality for different projects, our main focus being the banking and insurance sector.

Our goal is to have motivated employees to innovatively and successfully meet new challenges together.
